

Mystery of life

I raise a toast
To the mystery of love
The more I see the more I don't understand
The nature of love and romance
It eats you up
It changes all of your plans
Lost and confused don't know where you stand
Take comfort
I'm not the only one

Chorus

Tears on my pillow again
I don't know where to go
I'm blind to see just what I need
But here's to love
The mystery of life

I go on
Trying to keep myself strong
I know that I can't face this world alone
With love my heart feels home
It lifts you up
And then it brings you back down
The struggle you face just to keep your ground
I know I can turn things round
